Our office has been using the services of Action Recovery Online for several years now. We have come to understand the importance of early 3rd party intervention to assist us in reducing our bad debt.

We are especially pleased with their 10 Day Free Demand Service. We recently received a payment in full on a \$1224 account. The payment was sent directly to us, and because we received it within 10 days, there was no charge! We have received other payments as a result of their free demand service. This program does work!!!

I would gladly recommend the services of Action Recovery Online. If you use their service the way they advise and submit your accounts earlier, it will cost you less and you will see more money collected.

Sincerely,

Janet Mayer
Office Manager
