To Whom It May Concern

Uni-Pak Fundraising Supply and Distribution has been a client of Action Recovery Online for Close to a year now. We retained their services primarily to collect on a large balance account That had previously been placed with another agency with no results. Shortly after we turned the Account over to Action Recovery Online we started receiving payments.

So many collection agencies say they can collect your money. Action Recovery Online actually Does what they say. If you want your accounts collected, use Action Recovery Online. They get results.

Sincerely,
